### What's Happening?

The Town of Ladysmith and Stz'uminus First Nation are working in partnership to develop a plan for the Waterfront Area, in the spirit of building our relationship.

So far there have been over 1500 distinct interactions with community members, including two online surveys, two public events, stakeholder workshops and a community design workshop. The input received was used to create the new Waterfront Area Plan.

Join us in creating a waterfront for now and future generations! The time has come.

*Together we decide. Together we benefit.*
