Council has received a request from the proponents of a bid for the Cowichan Region to host the 2017 National Aboriginal Hockey Championships for a letter of support for the bid.

#### Staff Recommendation

That Council write a letter of support for the Cowichan Region bid to host the 2017 National Aboriginal Hockey Championships.

### **12.2. Ladysmith Ambassadors Program Liability Insurance Coverage ..... 32-33**

The Ladysmith Ambassadors Program has requested assistance from the Town in acquiring liability insurance for members of the program when participating in public events such as parades. This coverage is available through the Municipal Insurance Association under its Associate Member Program as long as the associate member is providing a service for the local government. In this case, the service provided focuses on the promotion of the Town of Ladysmith at public events. The Ladysmith Ambassadors Program must enter into a Service Provider Agreement with the Town (see attached). The annual fee for this additional insurance coverage is \$250 for which the Ladysmith Ambassadors Program is responsible. In order to proceed with this request, the Town is required to:

- Adopt a resolution authorizing the Town to enter into a Service Provider Agreement with the Ladysmith Ambassadors Program

- Execute a Service Provider Agreement signed by both parties
- Process payment of the \$250 annual premium

Staff Recommendation:

That Council authorize the execution of a Service Provider Agreement between the Town of Ladysmith and the Ladysmith Ambassadors Program for the provision of promotional services at public events, and that the Ladysmith Ambassadors Program be required to pay the \$250 annual fee for the additional liability coverage provided by the Municipal Insurance Association of BC.

**12.3. Grant Applications for Funding Relating To Replacement of Aggie Playground Equipment**

The Aggie playground equipment is aging and requires replacement. The Town wishes to partner with Ladysmith Family and Friends (LaFF) to apply for funding through provincial grant programs for the replacement of the playground equipment in 2016.

Staff Recommendation

That Council direct Staff to partner with Ladysmith Family and Friends (LaFF) to apply for the following provincial grant funding opportunities for the replacement of the playground equipment at Aggie in 2016:

1. Up to \$50,000 from the Employment and Social Development Canada's Enabling Accessibility in Communities Fund Program.

**2015 – 2019  
FINANCIAL PLAN  
DELIBERATIONS**

The Director of Financial Services reviewed Council's decisions and direction to date on the 2015 to 2019 Financial Plan, and reviewed how taxes are calculated on the various property classes, based on current year property value assessments as determined by the BC Assessment Authority.

Members of the public enquired about Council's options for allocating taxes among all classes and the disparity between commercial and residential property tax rates. Members of the public also encouraged Council to review its policy with respect to the determination of tax rates for the heavy industrial class, and to take action on developing economic opportunities on the Ladysmith waterfront.

### **STAFF REPORT**

To: Ruth Malli, City Manager  
From: Felicity Adams, Director of Development Services  
Date: April 10, 2015  
File No: 3090-15-01

Re: Development Variance Permit Application – Marrington (325 Gatacre Street)  
Subject Property: Lot 7, Block 73, District Lot 56, Oyster District, Plan 703A

#### **RECOMMENDATION(S):**

That Council consider whether it wishes to direct staff to proceed with statutory notice for Development Variance Permit application 3090-15-01 for Lot 7, Block 73, District Lot 56, Oyster District, Plan 703A (325 Gatacre St).

#### **PURPOSE:**

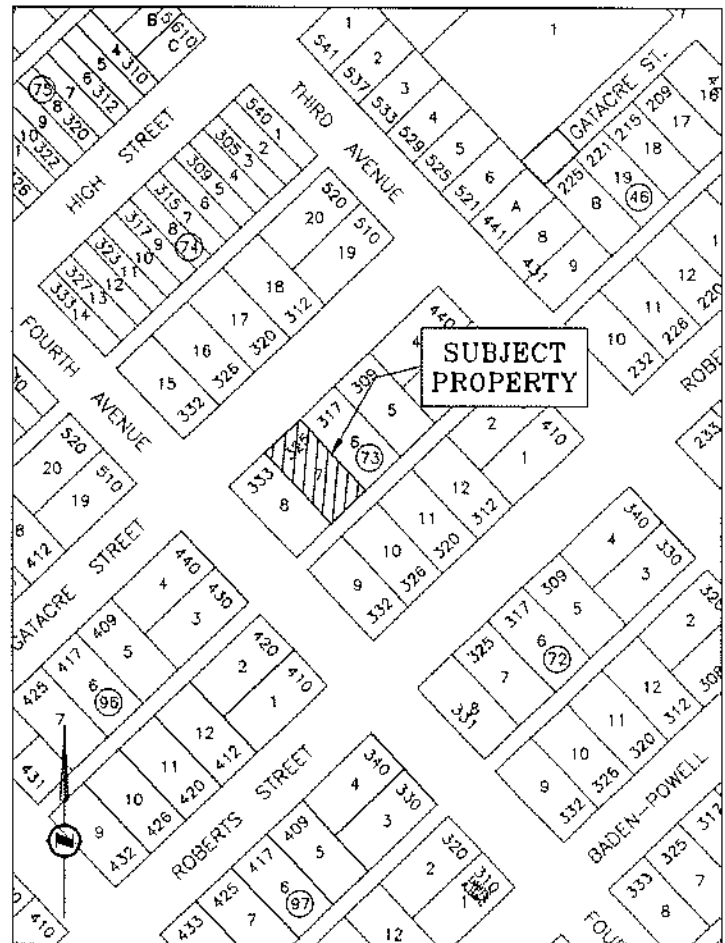

The purpose of this staff report is to obtain Council direction regarding statutory notification for a development variance permit application for a proposed coach house dwelling in an existing two-storey accessory building located at 325 Gatacre Street.

#### **INTRODUCTION/BACKGROUND:**

The applicants, April and Stephen Marrington, are requesting variances for the height, siting, and floor area of a proposed coach house in the second storey of an existing accessory building at 325 Gatacre Street. Currently a single unit dwelling, gazebo, and accessory building are located on the property. To permit a coach house dwelling in the second storey of the accessory building variances are proposed. Pursuant to Bylaw 1667 staff requires Council's approval to proceed with the statutory notice to the neighbours with regard to the floor area variance.

#### **SCOPE OF WORK:**

The current stage of this application is to seek Council's direction to proceed with the statutory notice for the Development Variance Permit application.

The subject property is zoned 'Old Town Residential (R-2)' and is 669m<sup>2</sup> in size. The dwelling was renovated and the accessory building was constructed in 2007. The accessory building is 6.93 metres in height (as determined by a height survey) and has a floor area of 66.9m<sup>2</sup> (720ft<sup>2</sup>), which was a permitted height and size for accessory buildings in 2007. The accessory building meets the siting requirements of Zoning Bylaw 2014, No. 1860. A development variance permit, development permit, and building permit would be required for the installation of a coach house dwelling in the second storey of the accessory building at 325 Gatacre St.

The applicant is requesting three variances as shown in Table 1:

- 1) The accessory building has a floor area of 66.9m<sup>2</sup> and the permitted floor area for a coach house is 60m<sup>2</sup>, thus a variance of 6.9m<sup>2</sup> is requested for the coach house floor area.
- 2) The accessory building is 6.93 metres in height and the maximum permitted height of a coach house dwelling is 6.6 metres when the coach house dwelling is located on the second storey of an accessory building, thus a variance of 0.33m (1ft) is requested.
- 3) The accessory building is located 3.13 metres from the principal dwelling and six metres is required for a coach house, thus a variance of 2.87 metres is requested for the distance between the two buildings.

**Table 1: Proposed Variances for Coach House – 325 Gatacre Street**

	<b>Zoning Bylaw 2014, No.1860</b>	<b>Proposed</b>	<b>Proposed Variance</b>
<b>Coach house floor area</b>	60m <sup>2</sup> maximum	66.9m <sup>2</sup>	6.9m <sup>2</sup>
<b>Coach house height</b>	6.6m maximum	6.93m	0.33m (1ft)
<b>Required distance between coach house and principal dwelling</b>	6m	3.13m	2.87m

If the development variance permit application is successful a development permit will be required to ensure the proposed coach house meets the guidelines of DPA 10 Coach House Intensive Residential.

#### ALTERNATIVES:

To not support Development Variance Permit application 3090-15-01.

#### FINANCIAL IMPLICATIONS:

None.

#### LEGAL IMPLICATIONS:

The

Local

Government Act enables Council to vary zoning regulations, except use and density regulations, through the issuance of a development variance permit. This is a discretionary decision of Council. Public notification is required.

CITIZEN/PUBLIC RELATIONS IMPLICATIONS:

It is recommended that Council direct staff to proceed with the statutory notice for Development Variance Permit application 3090-15-01.

INTERDEPARTMENTAL INVOLVEMENT/IMPLICATIONS:

Development Variance Permit application 3090-15-01 was referred to the Infrastructure Services Department.

RESOURCE IMPLICATIONS:

Processing Development Variance Permit applications is within available staff resources.

ALIGNMENT WITH SUSTAINABILITY VISIONING REPORT:

The applicant completed a 'Sustainable Development Checklist' and indicates that the proposed coach house dwelling adds to the diversity of housing in the area, increases density in the Town's existing neighbourhoods, creates affordable housing, and states the accessory building was built to an Energuide 80 standard.

ALIGNMENT WITH STRATEGIC PRIORITIES:

Effective land use planning and community design are strategic Council directions.

SUMMARY:

It is recommended that Council direct staff to proceed with the statutory notice for Development Variance Permit application 3090-15-01.

I concur with the recommendation.

RE: DOGS IN PARKS

**RECOMMENDATIONS:**

1. That Council consider approving a fenced dog park at Lot 1, District Lot 108, Oyster Land District, VIP88238;
2. That Council approve in the 2015–2019 Financial Plan that \$14,000 in capital reserves be directed toward the construction of the fenced dog park at Lot 108.

**PURPOSE**

The purpose of this staff report is seek Council's authorization to establish a fenced dog park on Lot 108 in Ladysmith and to provide an update relating to the existing dog off leash area at Transfer Beach Park.

**INTRODUCTION/BACKGROUND:**

At the meeting held on March 16, 2015, Council passed the following resolutions, regarding on and off leash dog areas in Ladysmith:

That the Upper Transfer Beach off leash dog area be redefined to include only the area south of the entrance to the Horseshoe Club driveway, while dogs be permitted on leash in the remaining Upper Transfer Beach area and that Parks Usage Bylaw 1995, No. 1158 (as amended by Bylaw 2000, No. 1396) be amended accordingly.

That appropriate signage be installed showing the newly defined off leash area and on leash areas in the Upper Transfer Beach area, and further that signage, split wood fencing and landscaping material be used to maintain the open feeling of the park scape, and that all associated costs for this work be included in the 2015 Financial Plan discussions.

That staff be directed to investigate and develop plans including costs relating to developing a fenced dog park at either the BC Hydro property located at Sixth and Methuen (Lot 1, District Lot 56, Oyster Land District, Plan VIP2159), School District 68 Davis Road School playing field, as well as Brown Drive Park.

That Council authorize an increase to dog licence fees of \$4.00 per licence effective 2016 and that the additional revenue be used for the development of a fenced dog

park (i.e. construction/signage) and to offset the increase to the parks operations budget due to the addition of new parks facilities.

#### SCOPE OF WORK:

##### **FENCED OFF LEASH DOG PARK**

As directed by Council, staff reviewed the BC Hydro property located at Sixth and Methuen (Lot 1, District Lot 56, Oyster Land District, Plan VIP2159), School District 68 (SD68) Davis Road School playing field, as well as Brown Drive Park. Staff also reconsidered and reviewed Lot 108.

1. Lot 108

Reviewing this site further it is deemed to be the best option available for a fenced dog park. The Town owns the property; the facilities are in place such as washrooms and parking while the impact to neighbouring residents is minimal. Also the size of the park is not restricted which it would be at other sites. The design of the fenced dog park can be done in a manner to complement the future development of the park and its facilities.

2. BC Hydro property located at Sixth and Methuen

Site preparation is required for this site because the property is not developed, resulting in brush needing to be cleared and gravel applied to the area. This site is a viable option because of its close proximity to the Holland Creek Trail, (dog off leash trail) and there are fewer houses and no playground surrounding the area. This location is suitable for a large number of residents to walk to the site. If this site is considered a lease with BC Hydro is required. Initial discussions with BC Hydro indicate the cost will be approximately \$500-\$600 annually, with the option to purchase as a possibility.

3. Brown Drive Park

This site does not require extensive site preparation. Staff recommend a hedge or trees should be planted both for aesthetics and to provide some privacy for neighbours. During the review of this site, concerns regarding the close proximity of the children's playground were identified; lack of parking in the area is also an issue. The use of lighting for after hours could be a concern at this location in the future.

4. Davis Road School

After further discussions with School District 68, staff concluded this option is not practicable because of SD68's uncertain plans for future use of this school site.

### **UNFENCED DOG OFF LEASH AREA AT TRANSFER BEACH**

Staff have completed a concept plan for the upper area of Transfer Beach above de Koninck Way. This section of Transfer Beach Park is used for a variety of purposes including the off leash dog area, major events, camping, and pedestrian and vehicle traffic. A recent risk control survey of the area was completed by the Municipal Insurance Association (MIA). Their recommendations included defining the dog park area with fencing and defining foot traffic and lane access as well as areas for parking to the Horseshoe Club and upper park area.

The changes proposed at Transfer Beach Park include split-rail cedar fencing to define the dog off leash area (this will not be fully fenced and bollards will be in place for easy access when required), and placing large rocks surrounding areas where vehicles are permitted. Signage will be improved throughout the park to indicate areas where dogs are permitted off leash, permitted on leash or areas where dogs are not permitted.

### **ALTERNATIVES:**

1. Council may choose to direct staff to look at alternate fenced dog park options.
2. Council may choose not to proceed with a fenced dog park.

### **FINANCIAL IMPLICATIONS:**

Currently there is \$14,000 in reserves for the development of a dog park plus additional revenues from increasing dog licensing fees by \$4.00 per licence effective 2016 for the development of a future fenced dog park (i.e. construction/signage) and to offset the increase to the parks operations budget due to the addition of new parks facilities.

Currently there is \$15,000 in the 2015-2019 financial plan for upgrades to the Transfer Beach off leash area, and upper park area. Including signage, the cost for the improvements is estimated to be within the allocated amount of \$15,000.

### **LEGAL IMPLICATIONS:**

The Municipal Insurance Association (MIA) has indicated that legal or liability implications are the responsibility of the dog owners and not the Town. MIA did indicate that the Town must ensure adequate signage is posted stating where dogs must be on leash.

The MIA recommended several improvements to the Transfer Beach off leash area to create control points so that dogs can exercise and socialize in a safe environment.

### **CITIZEN/PUBLIC RELATIONS IMPLICATIONS:**

Due to the sensitive nature of dogs in parks, it may be advisable to ensure public awareness and/or public consultation on this matter. Currently there are approximately 1,000 dog licenses issued each year in Ladysmith.

If a location other than Lot 108 is selected for the fenced dog park it would be recommended that consultation with the neighbours occur.

INTERDEPARTMENTAL INVOLVEMENT/IMPLICATIONS:

Bylaw Enforcement Officers (Public Works Department) and Animal Control Officers (Coastal Animal Control) will be involved.

ALIGNMENT WITH SUSTAINABILITY VISIONING REPORT

This aligns with the following Strategies:

- Strategy 7 – A Healthy Community: Continuing to enhance the quality of the public realm; increasing community facilities including health and medical facilities

ALIGNMENT WITH STRATEGIC PRIORITIES:

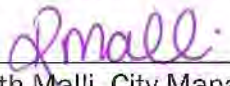

This aligns with the following Priorities:

- Priority E - Responsible Stewardship of the Environment
- Priority F - Safe and Healthy Community

SUMMARY:

There have been ongoing discussions about fenced dog parks as well as the general access of dogs in parks in Ladysmith. With more than 1,000 licensed dogs in the community it is important to consider the best options to help make the parks enjoyable for all residents both with dogs and those without. Staff seeks Council's authorization to proceed with the establishment of a fenced dog park at Lot 108.

I concur with the recommendation.

Re: **Approval to proceed with project on Gatacre Street Water Main and Storm Water Main Replacement.**

#### **RECOMMENDATION:**

That Council authorize approval for the Gatacre Street water main and storm water main replacement project, at a cost of \$317,000 from the 2015-2019 Financial Plan, with funding to be allocated as follows:

Water Fund -	\$117,000
General Taxation -	\$168,009
Prior Year-	\$31,991

#### **INTRODUCTION/BACKGROUND:**

In the 2015 budget staff brought forward for Council's consideration the replacement of the storm water main and water main on Gatacre Street. The existing storm main is constructed of 150 mm CSP (corrugated steel pipe). Because of its age (approximately 50 years old), the type and size of pipe, CSP, the storm line has reached its life expectancy. The replacement line will be constructed of 200 mm PVC pipe, with additional catch basins installed on both sides of Gatacre Street and in front of the PharmaSave Drug store on 1<sup>st</sup> Avenue. With the installation of the new storm water line and catch basins there will be minimal risk of any future flooding and the storm water line will last for approximately 50 years.

The existing water main is constructed of 150 mm AC (asbestos cement) and the pipe is approximately 45 years old and is undersized. The new water main will be constructed of 200 mm PVC and will serve the Town for approximately 50 years.

As part of this work, there will be some additional sidewalk work; Gatacre Street will also be repaved from Esplanade to 1<sup>st</sup> Avenue.

#### **ALTERNATIVES:**

The ideal time to start this project is the last week of April. If necessary the project can wait until the entire budget is approved mid-May, however it should be noted that the project may encounter delays if delayed as other projects and operational demands are higher in the summer. It would also be advantageous for the downtown businesses and visitors that the project be completed before the busy tourist season. .

FINANCIAL IMPLICATIONS:

The project, budgeted at \$ 317,000, is included in the 2015-2019 Draft Financial Plan for construction in 2015, with funding as follows:

Water Utility	\$ 117,000
General Taxation	\$ 168,009
Prior Year	\$ 31,991

LEGAL IMPLICATIONS:

None.

CITIZEN/PUBLIC RELATIONS IMPLICATIONS:

The closure of Gatacre Street will be necessary to provide safety to the public and to ensure that the project is able to continue with the least amount of disruption. There will be some disruption to motoring and pedestrian traffic throughout the construction period which is estimated to take five weeks. Staff will develop a communication strategy that will inform the public and the downtown businesses on the scope of the project. Staff will also meet directly with the affected businesses and will place notices on the Town's web site as well as provide weekly updates as to the status of the project.

INTERDEPARTMENTAL INVOLVEMENT/IMPLICATIONS:

Finance department

ALIGNMENT WITH SUSTAINABILITY VISIONING REPORT

The Sustainability Visioning Report highlights desired outcomes in the downtown core, such as: Streetscape design in the downtown core should take cues from the existing heritage character.

ALIGNMENT WITH STRATEGIC PRIORITIES:

Aligns with the priorities of wise financial management, enhanced standard of infrastructure and dynamic economic development.

SUMMARY:

Early budget approval is requested for the Gatacre Storm/Water replacement project to allow this project to be completed this spring, before the busy summer tourist season.

I concur with the recommendation.

Town of Ladysmith,  
Box 220,  
Ladysmith, BC, V9G 1A2

Dear Mayor Stone and Councillors,

Members of the LDHS Heritage Industrial Preservation Committee are deeply concerned about the present condition of **Ladysmith's Locomotive # 11**.

On our recent walk-about on February 19<sup>th</sup> we discovered many parts of the Locomotive have been unbolted and stolen. The hand-rails and brackets have been taken off and missing on both sides of the train. Metal thieves have undone the valve gear, and removed many bolts ready to grab these important parts on their next visit. On the ground were large and heavy essential locomotive pieces that were just waiting there to be picked up later. Fresh tire marks were on the grass right up to the train. On March 5<sup>th</sup> we noticed more parts missing.

In the interest of preserving Ladysmith's "Heritage by the Sea" the Locomotive # 11 needs to be put inside before it is disassembled piece by piece and likely sold for scrap by people who have no understanding of its historic importance.

We have included some photographs and a list recording of all the parts that have been stripped off the Locomotive.

Another grave concern is the safety of children and adults who climb up on the Locomotive. It is now a hazard with sharp edges in some places, parts that have been loosened and now insecure, hand-rails that are missing so there is nothing to hang on to and wood that is rotten and weak. It is extremely unsafe. We are worried the Town would be held liable if an accident occurs.

The Locomotive #11 needs to be protected from vandalism and thieves. The deterioration of the locomotive has now reached the point where it is unsafe and unsightly, time is of the essence.

Locomotive #11 needs to be put inside as a temporary measure to stop the theft of parts and to remove the risk to the public. We are prepared to supply the labour and equipment to move the locomotive to temporary shelter in the Expo building while we resource the components to restore the train and develop an inclusive community plan to display it safely and permanently.

Your prompt attention to our concerns outlined in this letter will be appreciated. Also please let us know at your earliest convenience what action will be taken and when we can assist.

Yours truly,

*The Industrial Heritage Preservation Committee*

Dear Sir,

I am writing to advise you that the BC RCMP is moving ahead with the integration of the Operational Communication Centres (OCCs) located in Nanaimo and Courtenay.

After an in-depth analysis, it was determined that operational and administrative efficiencies would be improved if Nanaimo OCC moved to Courtenay. This consolidation is in keeping with OCC best practices nations wide

I can assure you that public safety remains to be the RCMP's highest priority and this integration will not at all compromise the safety of the residents in your community.

The proposed implementation date is November 30, 2015 and the newly integrated Centre will be dispatching police resources in: Nanaimo, Ladysmith, North Cowichan, Duncan, Shawnigan Lake, Lake Cowichan, Courtenay/Comox, Port Hardy, Port McNeill, Port Alice, Alert Bay, Campbell River, Sayward, Quadra Island, Oceanside, Port Alberni, Powell River, Nootka Sound, Tofino and Ucluelet.

Please feel free to contact me or your local Detachment Commander with any questions or concerns regarding this integration.

Sincerely,

Norm Lipinski, OOM, LLB, MBA  
Assistant Commissioner  
Criminal Operations - Core Policing

## SERVICE PROVIDER AGREEMENT

This Service Provider Agreement (the "Agreement") is made and entered into this \_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_ by and in between:

The Town of Ladysmith (the "Local Government") and

The Ladysmith Ambassadors Program (the "Service Provider").

The Service Provider agrees to provide the following services for or on behalf of the Local Government:

- Promote the Town of Ladysmith
- Provide leadership training for Ladysmith youth
- Foster self-esteem, promote public speaking skills and assist with post-secondary education for program participants

The term of the Agreement is perpetual commencing the 21<sup>st</sup> day of April, 2015.

While providing the agreed service, the Service Provider agrees to comply with: all applicable laws, rules and regulations; the practices, procedures and policies of the Local Government; and any special instructions given to the Service Provider by representative(s) of the Local Government.

The Local Government agrees to obtain commercial general liability insurance coverage from the Municipal Insurance Association of British Columbia (MIABC) naming the Service Provider as an Additional Named Insured entitled to full coverage in the amount of \$5,000,000 with respect to third party liability claims arising from the provision of the agreed service. The Service Provider agrees to carry its own statutory worker's compensation insurance and automobile liability insurance, if appropriate.

The Service Provider agrees to indemnify, defend and hold harmless the Local Government, its agents, servants, employees, trustees, officers and representatives from any liability, loss or damage which the Local Government may suffer as a result of any claims, demands, costs, actions, causes of actions, or judgments, including legal fees, asserted against or incurred by the Local Government arising out of, during, or as a result of the provision of services outlined in the Agreement except such liability, loss, or damage which is the result of, or arising out of, the sole negligence of the Local Government or that is covered by the MIABC liability insurance policy.

The Service Provider agrees to be responsible for any and all deductible amounts including any claim expenses incurred and policy premium payments.

The Local Government reserves the right to terminate this Agreement and the associated commercial general liability insurance coverage provided to the Service Provider by the MIABC at any time upon written notification to the Service Provider of the termination.
