Dive-In Cinema

Friday, December 8 6:30-8:30pm

Winter Break Everyone Welcome Swim

Wednesday-Friday, Dec 27-29 1:00-2:00pm

Aquatic Visits

Length Swims

Kick start your day with some early morning laps, get your kilometer of lengths in at lunch, or end your day perfecting your strokes during our length swims. There will be four lanes; casual, slow, medium and fast. Please pick the lane most appropriate for your swim speed.

Therapy Swim

If you need the warmth of the Therapy Teach Pool to loosen up your muscles, decrease the gravity on your joints, to work on pre or post-surgery exercises or just to get in some unassisted walking with the support of the water then the Ladysmith Therapy Swim is for you.

Please note: if you require assistance to and from the change room or in and out of the pool, you will be required to have an aid with you to assist you.

Parent and Tot Swim

Do you have a tiny human who needs to burn off energy in the morning? We have just the thing to make that happen while having fun in the pool! The Parent & Tot swim is geared towards children not yet school aged and their caregiver.

Everyone Welcome Swim

A great time to enjoy the main pool and the therapy pool, diving board, climbing wall and slides. No length swimming during this time.

Drop In Aquatic Fitness Classes

Adaptive Aqua Fitness

A program for clients with arthritis and other mobility limitations. Take advantage of our qualified, experienced staff that have the expertise to personalize your workout by accommodating individual needs. Be sure to bring your own full water bottle to class each session.

AquaFit

A highly energized aquatic fitness workout delivered by certified fitness instructors. These classes provide a well-rounded, head-to-toe workout. Be sure to bring your own water bottle filled for each class.

Deep H2O

These invigorating, impact-free classes work and tone all muscle groups. Participants combine cardiovascular work, deep-water running, jogging, bicycling and cross-country skiing movements. Class focuses on muscular strength motions that work the body's major muscle groups as well as motions that work the core and improve balance. A buoyancy belt is required to create and maintain proper balance and posture. Be sure to bring your own full water bottle to class.

For information on admission prices, check on the 2023 Fall Activity Guide online at www.ladysmith.ca/programs
