

TOWN OF LADYSMITH

BYLAW NO. 2008

A Bylaw to Levy Development Cost Charges in the Town of Ladysmith.

WHEREAS Council may, under Section 559 of the *Local Government Act*, impose development cost charges for the purpose of providing funds to assist in paying the capital costs of providing, constructing, altering or expanding sewage, water, drainage and highway facilities, other than off street parking facilities, and providing and improving parkland, to service, directly or indirectly, the developments for which the charges are imposed;

AND WHEREAS Council, in establishing the development cost charges imposed by this bylaw, has considered future land use patterns and development, the phasing of works and services, the provision of park land described in the Town's official community plan and how development designed to result in a low environmental impact may affect the capital costs of infrastructure in the Town of Ladysmith;

AND WHEREAS Council has also considered and is of the opinion that the development cost charges imposed by this bylaw are not excessive in relation to the capital cost of prevailing standards of service, will not deter development, will not discourage the construction of reasonably priced housing or the provision of reasonably priced serviced land and will not discourage development designed to result in a low environmental impact in the Town of Ladysmith;
