

Amendment – Agenda Item 7.1.2

Staff recommends rewording the recommendation from the Municipal Services Committee which appears on tonight's agenda regarding the Managed Information Technology Services Agreement with North Cowichan to provide clarity and ensure we are compliant with the Community Charter. The amended recommendation reads as follows:

That, in accordance with Sec. 13 of the Community Charter, Council consent to the establishment of the Managed Information Technology (IT) Services Agreement with the District of North Cowichan for the provision of IT support services commencing in September 2015 for an initial three year term at a cost not to exceed \$75,000 for the first year and an inflationary increase for years thereafter; and further, that the Mayor and Corporate Officer be authorized to sign the agreement.
