Re: Cancellation of Business Licence # 1891:

Natural Massage Spa

RECOMMENDATION:

That Council:

- 1. For the reasons outlined in the February 4, 2025 report to Council, and subject to the licence holder's right to be heard under section 60(3) of the *Community Charter*, cancel Business Licence #1891 issued to 'Natural Massage Spa' at 16 High Street pursuant to section 60(2) of the *Community Charter*; and
- 2. Direct staff to notify the licence holder pursuant to section 60(3) of the *Community Charter*.

EXECUTIVE SUMMARY:

This report recommends cancelling the Business Licence for 'Natural Massage Spa' ("the Business") located in the commercial unit at 16 High Street ("the Subject Property") following an investigation that determined the business was operating contrary to Town Bylaws.

PREVIOUS COUNCIL DIRECTION:

N/A

SUBJECT PROPERTY:

The Subject Property is the ground-floor commercial unit within the mixed-use building at 16 High Street. The building is stratified into three lots; the commercial unit and two residential units on the second floor. The residential units in the building are separate real estate entities under separate ownership and have no involvement in the activities occurring at the Subject Property.

INTRODUCTION/BACKGROUND:

On November 4th 2024, the Town received a business licence application for the Business with the Subject Property listed as the Business's location. The business was described in the application as "Health Beauty Spa, offer Acupuncture, cupping, Massage service" (sic). The applicant's name is Rong Hu.

The licence was issued on November 7, 2024. The described business was considered to be permitted as "Office" use which is a permitted use in the Downtown Commercial (C-2) zone. "Office" is defined in the Zoning Bylaw as:

"...premises used for the provision of professional, medical and dental, <u>health</u> and <u>wellness management</u>, consulting services, financial services or municipal offices, as well as the administrative functions of a permitted use." (emphasis added)."

The licence was also issued on the condition that no alterations occur to the building.

In December of 2024, Bylaw Enforcement and the RCMP began receiving complaints that the Subject Property was being used for the sex trade. In Canada, the provision of sexual services for renumeration is not a contravention of the *Criminal Code*. However, other aspects of the sex trade are illegal in certain circumstances. This includes obtaining material benefit from the sexual services of others (except in certain specific situations), and advertising sexual services.

Staff also received information suggesting that building alterations had been made without building permits.

The Town has no authority to regulate the sex trade or morality. However, under the *Community Charter* and *Local Government Act*, the Town can regulate business and land use. The Town does this through its Business Licence Bylaw and Zoning Bylaw respectively.

Section 7.1 of the Business Licence Bylaw requires that an applicant comply with the bylaws of the Town of Ladysmith. This includes the Business Licence Bylaw itself and the Building Bylaw. Section 7.3 of the Business Licence Bylaw states that every licence issued under the Bylaw is deemed to be a personal licence granted to the licensee, to carry on the business specified in the licence from the premises specified in the licence and is not transferable to any other person.

On January 20, 2025 staff visited the subject property to investigate potential bylaw infractions. The RCMP attended with staff.

The following is a summary of the findings of the bylaw investigation:

- 1. Advertising materials entitled "Full erotic massage Ladysmith", published on "Leos List" (Attachment C) show the 16 High Street location, offer sexually suggestive services, and contain sexually suggestive imagery and wording.
- 2. Upon arrival at the Subject Property on January 20, 2025 there was only one person on the premises; a woman, who was not the licence holder and who was dressed in lingerie.
- 3. A shower was installed behind the front counter of the business and a sink, a washing machine and sump pump were also installed, all without a valid building permit (see Attachment D).
- 4. Equipment, service areas, layout and lighting appeared inconsistent with those of a health or beauty spa. The location was dimly lit when staff arrived, makeshift beds were installed, there were few privacy features for, or between, the beds and shower, and massage supplies appeared to consist of two unmarked containers (contents unknown), two robes and a roll of toilet paper (see Attachment D).
- 5. There was no evidence of acupuncture or cupping treatment being provided at the premises. Acupuncture is a health service regulated by the College of Complementary Health Professionals of BC. The College's website does not list Rong Hu as a licensee.
- 6. Following the site visit, the licence holder contacted the Town and indicated they had subleased the location to another person (see Attachment E), which is a contravention of section 7.3 of the Business Licence Bylaw.

PROPOSAL:

Staff are recommending that Business Licence # 1891 be cancelled under section 60(3) of the *Community Charter*. Before Council can cancel a business licence, the Town must serve notice to the licence holder and provide an opportunity for the licence holder to be heard. Should Council approve the recommendations in this report, staff will carry out the notification immediately and place the matter on the agenda for the February 18th Council meeting.

ANALYSIS:

Section 60(2) of the *Community Charter* states that a business licence may be suspended or cancelled for reasonable cause.

Section 7.3 of the Licence Bylaw states that licences are personal to the Licencee, who in this case is Rong Hu, operating a business called "Natural Massage Spa". It is not an incorporated entity. Ms. Hu has stated that she has leased the premises to another individual. As licences are not transferable and Ms. Hu has leased the premises to another individual, the licence should be cancelled.

Section 7.3 of the Licence Bylaw states that a licence is deemed to be personal to the Licencee, to carry on the business specified in the Licence. The type of business applied for in the application was "Health Beauty Spa, offer Acupuncture, cupping, Massage service (sic)".

When staff inspected the premises, there was no equipment suggestive of a health or beauty spa being conducted on the premises, or suggestive of acupuncture, cupping, or massage services being provided, other than two bathrobes, a roll of toilet paper, and two bottles containing an unidentified substance. There were no massage tables present on site, and no acupuncture or cupping paraphernalia.

The advertisements for the premises are also not suggestive of a health or beauty spa.

As the use of the premises is not consistent with the use stated on the application for a business licence, the licence should be cancelled.

As stated above, there is some evidence suggesting that sexual services are being offered at the premises as part of the business, but that the provision of such services may be illegal is not the basis upon which cancellation of the licence is recommended. However, it should be noted that if this applicant or another applicant were to apply for a business licence at this premises, the licence could not be issued if the proposed use constituted the commission of a criminal offence.

Section 7.1 requires an applicant to comply with the bylaws of the Town of Ladysmith, including the Building Bylaw. The shower has been installed in the premises without a building permit and without proper ventilation. This can lead to mold growth, including mold growth in the upstairs units. Further, the sanitary sewer system of all three strata units may be interconnected and the additional plumbing fixtures may cause the sewer system to exceed its originally designed capacity. Also, the sump pump may negatively affect the venting of other fixtures; potentially causing sewer gases to bubble up through toilets in the other units. It is also unclear if the sump pump system is capable of retaining sewage for a 24-hour period as required by the BC Building Code. Lastly, the Town has no indication if the water lines serving the new fixtures were installed by a licensed plumber, meaning the waterlines may not comply with the BC Plumbing code and building occupants—including the occupants of the two residential units—could be consuming non-potable water.

As the premises have been altered in a manner that creates health and safety concerns for occupants, the licence should be cancelled.

ALTERNATIVES:

Council can choose to:

1. Not cancel Business Licence #1891.

FINANCIAL IMPLICATIONS:

N/A

LEGAL IMPLICATIONS:

Section 60(2) of the *Community Charter* allows the Town to cancel a business licence for "reasonable cause"

CITIZEN/PUBLIC RELATIONS IMPLICATIONS:

Under section 60(3) of the *Community Charter*, the Licence Holder is entitled to notice and an opportunity to be heard by Council before the licence is cancelled. Staff are recommending that this occur at the February 18, 2025 Council meeting.

INTERDEPARTMENTAL INVOLVEMENT/IMPLICATIONS:

Development Services and Protective Services have worked jointly on the bylaw investigation. Staff have liaised with the RCMP as and when required.

ALIGNMENT WITH STRATEGIC PRIORITIES:

☐ Core Infrastructure	☐ Economy
☐ Official Community Plan Implementation	□ Leadership
☐ Waterfront Area Plan	⋈ Not Applicable

I approve the report and recommendations.
