**5. HERITAGE PROJECT(S)**

a) Metal Collage on First Avenue

Members discussed the scope of the improvements needed for the metal collage on First Avenue. It was proposed that:

- The street side (west side) show photos of the logging industry;
- The RBC side (east side) show photos of coal mining;
- The street side and RBC side each have its own legend;
- The existing legend be reviewed for accuracy and corresponding numbers be added to the photos;
- Commission members present new photos at the November HRAC meeting;
- That the photos be printed on metal such that the plexi-glass cover is not required;
- The improvements to the collage be completed in two stages: stage 1 – updating the photos; stage 2 – updating the legend to reflect new photos.
- Stage 1 be completed by Heritage Week, February 2019.

**6. NEW BUSINESS/UPDATES**

Commission members discussed the following new business and update topics:

- a) Heritage B.C. Awards Nomination (to be further discussed at the November meeting),
- b) Status of the Town's Commission review,
- c) The Commission's priorities for heritage projects in 2019 (to be further discussed at the November meeting), and
- d) The Ladysmith & District Historical Society's recent success with publications in two magazines.

It was moved, seconded and carried that the Heritage Revitalization Advisory Commission recommend to Council that Council send a letter recognizing the success of the Ladysmith & District Historical Society in regards to the publication of an article on the Great War in the BC History magazine, and the publication of an article on a series of heritage videos (*Lives and Legends*) in the BC Museums Association's Roundup magazine.
