**DESIGN ELEMENTS**

- 1 Entrance Gateway**  
 arbour/sculptural feature, visually impactful entrance, latched gate for safety, playful, colourful fence & gate
- 2 Water Feature**  
 accessible water pump (child controlled), concrete play stream, follows path down, ends in small pool of water, bridge over stream (connects concrete path to sand area)
- 3 Central Sand Play Area**  
 sand (accessible by concrete path), slide, water play, loose parts, mixing sand & water, concrete sit wall for sitting
- 4 Nature Discovery Area**  
 open ended play, low impact trail around existing trees, wood boardwalk (sitting, stage, jumping up & down, picnic), balancing logs, vertical poles (moving around, places to hang flags)
- 5 Log Climb Area**  
 greater physical climbing challenge, up, down, over & under, edged with boulders for play & seating, concrete sit wall
- 6 Slope Play**  
 climbing up & down stepping stones, climbing up & sitting on log rounds, running up & rolling down grass, sliding down, views across playspace
- 7 Edges**  
 playful fencing, plantings (provide sensory experience for playground users), seating, surrounds & defines play area, grassy hills, amphitheatre feel, provides seating & views to lower aggie fields

**LANDSCAPE PLAN** AGGIE FIELDS NATURAL PLAYSPACE  
**SCALE 1:100**

DESIGN FOR A **NATURAL PLAYSPACE**
